Message from the Board

Good evening Ladies and Gentlemen. On behalf of the Board of Directors of the Imperial Sovereign Court of the Wild Rose, I would like to welcome everyone to our 20th Anniversary Coronation Ball and to the City of Edmonton. Enjoy your stay with us.

It's a rare accomplishment when a group of people with such diverse backgrounds can work together like a well oiled machine. My crown goes off to all those involved in Court activities this year. I know that each person involved this year has put aside personal dislikes (and yes, egos too!) in order to achieve a common goal, and we did achieve that goal.

Congratulations to our royal family, I hope that you four people will continue your work with the Court and guide future monarchs as we have guided you. Although we know your fundraising efforts will continue, sit back tonight and enjoy your accomplishments and memories of the year.

Thank you! Thank you! to the members of the Board. Even though we had a couple of major changes this year, you all did a tremendous job working for the organization. Thank you for making my job as President a little easier. you help make the Court what it is.

Tonight we will celebrate our first double decade. Millicent this is your Court Family, thanks for getting us started. Also I would like to express our gratitude to our decade monarchs for their work with the I.S.C.W.R.. I am sure that you will do Edmonton proud on your tenth anniversary. Congratulations everyone!

To the new monarchs, remember the Board is in place to run the business of the Society, you are in charge of the way you want to run your year. So go for the gold!

For the Board of Directors,

I. Crichton
President

Edmonton Welcomes You

On behalf of City Council, it is a pleasure to congratulate The Imperial Sovereign Court of the Wild Rose on the occasion of your 20th Anniversary.

As you celebrate this important milestone, I am sure you will reflect on the many changes that have occurred over the past two decades. While there is still much progress to be made, our world has gradually become more tolerant. What began as an organization to serve the needs of the gay community has evolved into an organization that contributes to our entire society.

The work you have done -- on behalf of the AIDS Network, the Christmas Bureau, Catholic Social Services, WIN House and others -- demonstrates a generosity of which you should be proud.

Tonight you are also celebrating Coronation 1995, and I am pleased to welcome visitors to our city. While in Edmonton, I do hope you have an opportunity to explore the many aspects of this city that make it such a great place to live.

Best wishes for an enjoyable evening.

Yours truly,

Jan Reimer

John M. Kerr Memorial Scholarship Fund

The John M. Kerr Memorial Scholarship was initiated in 1984 and has since that time, given out a minimum of two $500.00 awards at the annual Coronation Ball. Les-Bi-Gay students applying for post-secondary education which will benefit the Les-Bi-Gay community of Edmonton are eligible to apply. The Fund was initiated by Empress VIII and XVII Mary Mess and is administered by the Board of Directors. Fundraising shows are held on a continual basis.

John De Smit Citizen of the Year Memorial Award

The Citizen of the Year Award is presented annually to a person who has contributed freely to making the Les-Bi-Gay community and the City of Edmonton a better place to live. This contribution is one that allows each of us to move through life more freely. John De Smit was a man at ease with life and socialized freely with everyone around him. He loved having a good time and demanded nothing from anyone. He showed the unaware that gay people are worth knowing and caring about. He was cared about by all who met him.

*D*ear Friends and Guests,

On behalf of Debbie and Debbie and Fluffy, I want to thank y'all for being here. To Lulu Alberta, Rhoda, Rob, Mandy, Twiggy, Horst, Pat, Conrad, Phyllis, Cliff, Mr. X, Boots & Saddle, The Roost, and everybody else - thank you for all of the good times, and for your support and friendship! Looking forward to more. Leah - Madame President and protocol extraordinaire, push me to the limit again, you know I like it. Mary Mess - a dear Canadian mother who likes her vodka bottles. Chatty - Love you. Where's Walter? Vera - my sister! Thanks for everything and showing me how to be a "naughty little witch!" Gretchen - so many fond memories - TV sets in Reno, dumpsters and DARDA - Angela's still working on the carpet! You know I love you. Thank you for everything and for being a dear, sweet friend (except at the out-of-town show in Calgary). And my hometown Imperial mother, Kate Central Parkway - thank you for saying, "You've gotta meet Mary Mess." If you hadn't, none of this would have ever been possible.

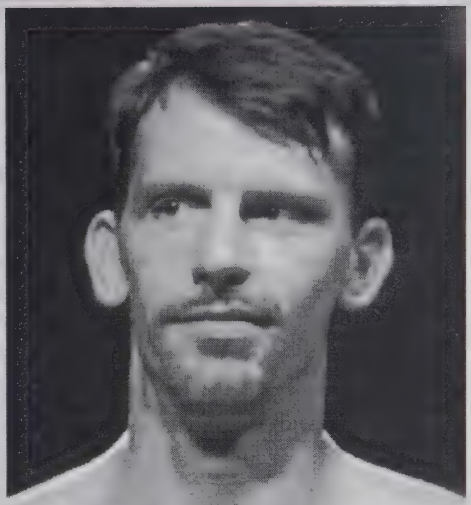

And Jim - Thank you for half of your fantastic city (yes I have seen it in January), I hope I've represented it to your expectations. Thank you for your listening ear,("Get out of bed, we're going!"), your patience (Great Falls?), your impatience (Buffalo?), your vehicles ("nice pick-up truck"), your shallow moments ("I like it when you touch me like that"), your deep moments (nobody's business), and most importantly your steadfast friendship. I love you, my friend.

Message from Emperor XIX

Well, another year has come to a close in the City of Edmonton, and by virtue of this letters printing, a successful one. I really wish I had the seven pages I needed to mention everyone that I have met, befriended, and become close to, but that is not possible, so I won't.

I started this year totally unaware of what it would really be all about, good thing too, because it wouldn't have turned out right anyway. It has been a fabulous learning experience for me. I have exercised every emotion to new limits. I am much stronger overall for this experience.

Along the way I made many new friends, and lost many old friends, and on and on we go. The only thing that we can rely on when all is said and done is each other. I thank god that this is the way. I have had cities and homes opened to me, walls knocked down and barriers removed; learned new things, some easy and some difficult, but all were important, because they were taught by loving friends. I have had difficult times with people that I love a great deal, here at home and abroad. I hope they can forgive me, as I have forgiven them. Life is too short to be bitter.

We must always stand together. We are a community. International borders are not a limit to our community, race, sex, or, anything else for that matter, is not a limit to our community. This is ours and no one can take it away from us. So lets keep working and playing together to improve our community and quality of life on this planet.

God Bless us

Good evening Monarchs, Ladies, Gentlemen, Friends and Family.

Welcome to Coronation '95. It is such a pleasure to re-unite with so many familiar faces once again. The space allotted to me is far too small to thank you all individually, but those of you who know me know that the thank-you's have been there throughout the year and not just for tonight.

***Edmonton** - Thank you for welcoming me back home and making it seem as if I never left.*
***Out-of-Town** - A special thank-you to **Regina and Calgary** for opening their hearts and homes and giving me many cherished moments. Yes, Isalorna I will share #335, but you must supply your own beads and incense. and to **Vancouver** - I love you all for the many years you took me under your wing and behind dumpsters - especially in the rain.*

*Finally to the **Imperial Sovereign Court of the Wild Rose**, thank you for all the fun times during the year and for allowing me to keep my moustache while putting on a dress.*

***Meringues** - Vera - "Get your own date!!" Rhoda - "Eat, Girl!"*

***Jim McBride** - "May I have the pleasure of pouring you another cup of coffee?"*

Double and Single Decade

all of this, of course, is for the peons. you know who you are. you make all of us "monarchs". the assemblage of a special community, the peons drive the entire fantasy. nonetheless: real people interacting with other real people, however fantastic, is reality

luckily, this time you won't need a dictionary. it all started 10 years ago with an altruistic, nellie emperor named x. as a candidate, when first introduced to other less mentionable people, some of them - floating bloated through their own fantasy - said things like "well, I guess it's the best we can do at the last minute." to this day, nobody cares much about them. then there was amii. curiously, as time goes by, people seem far more interested in the good old drag-world traditional folklore stories of x's first wife (the ramming of the crown into the wall). the very people, most of them absolutely insignificant now, who played in that intrigue so long ago, all pale when compared with the fishing stories circulating about her past. part of the truth is that god had enough sense to intervene, sparing ora and mother jean from being collateral damage thus converting them into real-time, profit bearing assets, blasting excessive ordinariness into what, suddenly, appears to be a decade. a decade rife with deception, superficial glamour, funny names for things. a decade of death. of remembering and through remembering, realizing that marijuana really does affect that very ability. drugs. you know. crystalline adventures in the sparkly disco zone. entry limited to freaks, some of whom are on parade. a decade of family, and a very special opportunity to thank Edith, not only for being here, but for always being there. lots and lots of family, and families. families: a concept that means love. those who know sense the tragedy of families lost. it is just a tough world. this is why god gave us attitude. be gay. it's okay, really. the horror begins when you realize that ultimately, we're all just peons. the horror ends when you discover acceptance. it is how everything eventually worked out. now go and get your own damn blam.

ora est memoria gloria !
